PATENT APPLICATION

CHRISTOPHER JAMES MILLS

Application No.: 10/518,529

Filed: December 17, 2004

WHEELED CONVEYANCE

Commissioner for Patents

REQUEST FOR STATUS

The captioned application was received in the U.S. PTO on **17 December 2004**. A Notification of Missing Requirements was erroneously mailed on October 12, 2005, and subsequently withdrawn. A Section 371(c) filing date of December 6, 2005 was accorded to the application, and publication occurred on July 13, 2006.

Thus, the application has now been pending for more than two years, and no action has been received to date. Particularly in view of the fact that the application has now been published, action on the case would seem overdue and advice as to when that can be expected would be sincerely appreciated.

Respectfully submitted,  
CHRISTOPHER JAMES MILL
